## Talking Points

Most crippling roadblocks for techies and how to overcome them (Research Based).

Principles and methods to skyrocket personal market value

How to convert your value to a 250.000+ \$ earnings per year

Create a personal roadmap, track progress and avoid burn-out

Transform from an employee to a freelancer, intrapreneur and entrepreneur

Top soft skills all techies need

How to acquire ANY technical skill in 90 days

How to establish as an expert in company or publicly, building a pro personal brand

Coming from underprivileged beginnings to make a killing in tech

## Bio

I am a **coach** and an independent management consultant in tech with customers no less than **Microsoft, IBM, Amazon, Fujitsu** and many other Fortune 500 companies.

I launched 2 startups while working full time, raised 400K€ in just 3 days via crowd investing and angels. I love to share my learnings from his career and believes that professional development shouldn't be left to randomness.

[Check out my full profile.](#)

## Random Fun

- I prepared certification questions for Microsoft SharePoint in 2013
- I am certified in PRINCE2 and TOGAF. I have a bachelor in CS.
- I am an avid chess player, an Argentine tango dancer & DJ.
- At university, I won awards for a smart wheelchair I developed for the disabled.

*I'm all about adding outstanding value to your audience and podcast!*

## Bonus!
